I'm hoping to get comments back to you by 9/15. Will that work? Thanks.

**Subject:** 138 NWP GW Sampling Work Plan EPA Comments

Eva, as we discussed yesterday may I have an update on the schedule to comment on the NW Pipe groundwater sampling work plan.

The RP wishes to proceed as soon as possible. If you did not have any substantial comments that would change the well development or sampling process, I would give them the approval to proceed with the field work.

Have a good weekend.

*Thank You*
